Sikkim: As the State Archives has been recently started and is being organised, the resolution is still under the consideration of the Government.

Assam: The resolutions have been noted for future guidance.

Resolution XI: The Commission places on record its appreciation of the effective and energetic steps taken by its Secretary in implementing some of its important recommendations, such as those concerning the preparation of the Manual of Archives, and the publication of records pertaining to Partition and Transfer of Power, and the compilation of reference media. It also approves of the policy of issuing cyclostyled publications, particularly the reference media to records, with a view to facilitating research. Similar steps may also be taken by the State Directors of Archives.

Orissa: The resolution has been accepted in principle.

Sikkim: As the State Archives has been recently started and is being organised, the resolution is still under Government's consideration.

Assam: The resolution has been noted for future guidance.

Resolution XII: Keeping in view the enormous problems created by the evergrowing bulk of records the Commission appreciates the lead presently given by the National Archives of India and the Department of Administrative Reforms, Government of India, in the sphere of management of the records of the Union Government and their time bound appraisal. It also notes with satisfaction the steps taken by some State Government for weeding of their non-essential records. The Commission urges all those State Governments and Union Territories which have not yet initiated such a programme on a regular basis to do so urgently with a view to economising in the long run in the upkeep and preservation of their permanent records. The concerned governments may consult, if necessary, the National Archives of India for this purpose.

Sikkim: As the State Archives has been recently started and is being organized, the resolution is still under consideration of the Government.

Assam: The resolution has been noted for future guidance.

Punjab: The Government has sent instructions to all the departments/offices in the State to weed out their non-essential records on a regular basis so that permanent records could be preserved more economically.

Andhra Pradesh: With a view to determine the lines on which the problems of weeding out non-essential records in the State Archives should be tackled, a Task Force has been constituted by the Government with a view to examine all the aspects in this regard and make its recommendations. It has also been decided to create a Central Cell for weeding of records in General Administration Department to clear the backlog of records of erstwhile Hyderabad Government under an officer of the rank of Assistant Secretary to the Government, preferably one who knows Urdu. It was decided to depute staff from State Archives for checking the records marked for destruction from historical point of view during the weeding process.

Resolution XIII: The Indian Historical Records Commission recommends to all the State Archives to provide facilities for the supply of microfilms or typed copies of 'open' records to bonafide research scholars on payment without any undue delay.
